

## Cartel Coffee Roasters - Al Qana & Al Raha Abu Dhabi

### Project

“Roasted Locally, Respected Internationally”, Cartel Coffee Roasters has hit the barista market as the new desired franchise for coffee lovers across the Middle East with its selection of exotic coffee beans and patient brewing methods. Initially beginning as a distributor for high-end coffee products, Cartel Coffee has rapidly grown in popularity and since, have began opening coffee shop facilities for their vast audience of consumers. Situated in Abu Dhabi, the first selection of coffee shops has begun catering for the residents and visitors of the Capital City over the past year with their alluring aromas and rich taste. The franchise has become a recognised name within the community and with the new Al Qana and Al Raha branches for Cartel Coffee now open to the public, we are delighted to have supported the design and construction requirements to bring these to life.

Designed by T. Zed Architects, the coffee shops were requested to deliver an industrial aesthetic with a decorative finish to swoon the visitors. With the client requirements in mind, the specified product was Nuvolato Architop, supplied by our partners Ideal Work. Architop is a niche, cutting-edge material that is continuously specified by prestigious designers looking to obtain a brutalist yet beautiful floor finish. Due to the application method of the power trowel, Architop reveals cloud-like effects throughout the application and offers an endless catalogue of colours to support the designing process of our clients. The product greatly enhances the aesthetic of any facility it is placed in and offers extreme durability to withstand the foot traffic and furniture movements that it is faced with. Architop is also a seamless application which supports the staff members with its easy to clean design which contributes to the overall decorative value of the facility.

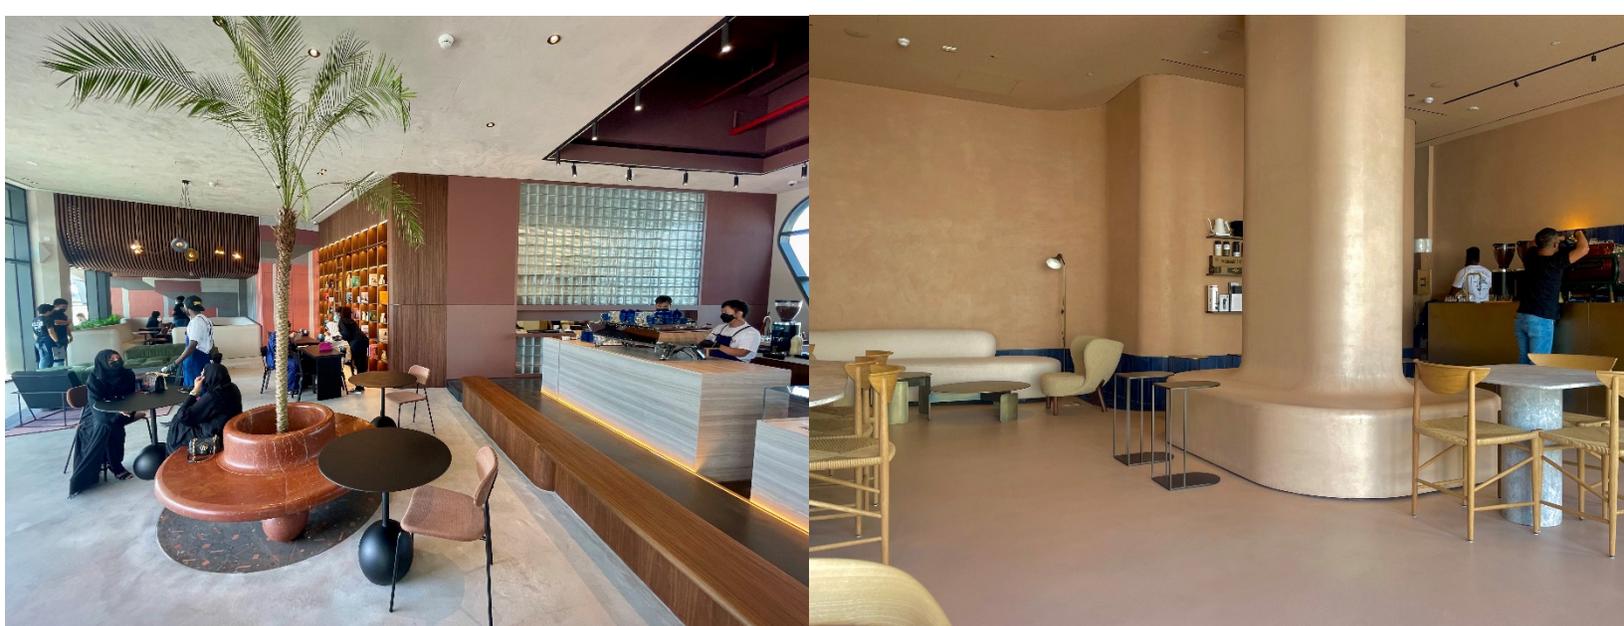

No matter the size or product, our workforce exhibit passion with every project. The synergy shown by our site team is unmatched and this continues to be displayed in the beautiful, unrepeatabe finishes that we produce throughout our portfolio of projects. We are always delighted to engage with clients for multiple projects and we hope to see the Cartel Coffee theme continue to include our breathtaking surfaces.

**Completion Date:** February 2022 & May 2022

**Area Applied:** Al Qana: 115 m<sup>2</sup> – Al Raha: 95m<sup>2</sup>
