

Al Ain Dairy Production

Al Ain

Project

Founded by the late Sheikh Zayed Bin Sultan Al Nahyan in 1981, Al Ain Farms have continuously developed throughout the years and have obtained the title of being the largest integrated dairy company in the country. In 2020, they have received ISO 22000:2018 certification for their food management, they have received the SUPERBRAND award for the third time and have become the official dairy provider of Expo 2020. With such an array of achievements, the Al Ain Dairy Facility's high standards require a professional refurbishment and Duphill were honored to be selected for this responsibility.

Duphill applied our Neocrete SL hygienic flooring to 3,850m² of the Al Ain Dairy Facility. Neocrete SL, supplied by our partners at Neogard, is a cementitious polyurethane flooring system ideal for the use in kitchens, pharmaceutical, and food processing environments. With large amounts of heavy industrial equipment, the flooring system Duphill installed for Al Ain Dairy's required guaranteed durability and hygiene, which the Neocrete SL system thrives in. Duphill's antimicrobial floors are also temperature and chemical resistant, which enable our clients to reap these benefits and maintain a great finish for many years, whilst also meeting the ISO certification requirements.

Duphill's team of experienced, meticulous craftsmen applied the Neocrete SL to 3,850 m² in just 8 weeks. The wide benefits of Duphill's application have been demonstrated since the day of its application. Duphill take pride in every scope of work we cover and the professionalism and quality of our team's application continues to reflect on the legacy of Duphill and our development within the new build and refurbishment sector.

Completion Date: June 2017

Area Coated: 3,850 m²

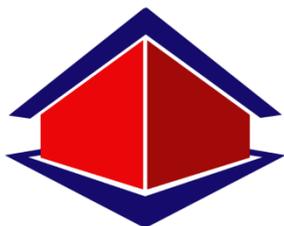

Client: Al Ain Dairy

System: Neocrete SL

Our Mission

Since 2011, Duphill's vision has always been to achieve excellence in every project we deliver. This high standard is what keeps our dedicated team continuously applying our core value of **"Delivering Quality on Time"** and guarantees satisfaction for all our valuable clients.
